## Product Details

## CONCRETE VIBRATOR ACTION UNIT

<b>Product Description *</b>	It is used to lay to strengthen concrete in construction site.
<b>Category *</b>	Construction & Equipments
<b>HS Code (6 digits) *</b>	846799
<b>PID(BK)</b>	
<b>Features *</b>	<p>SYV series concrete vibrator provides the best performance &amp; dynamic power by special vibration system of pendulum type.</p> <p>The low rotational speed about 3,000 RPM provides less wear &amp; tear for all rotating parts.</p> <p>Unique spring concept guarantees long durability.</p> <p>Available to our drive unit and most of the standard drive units</p> <p>Sping connection (Premium), Direct connection (Standard).</p> <p>Various models available(SYV-32, SYV-38, SYV-45, SYV-60).</p> <p>Frequency 12,000- 14,000 V.P.M.</p> <p>6m flexible hose.</p>

## Product Details

## HANDY CONCRETE VIBRATOR MOTOR UNIT

MODEL : Hand Vibrator SYHV-32

<b>Product Description *</b>	It is used to lay to strengthen concrete in construction site.
<b>Category *</b>	Construction & Equipments
<b>HS Code (6 digits) *</b>	846799
<b>PID(BK)</b>	
<b>Features *</b>	<p>SYHV of handy vibrator is more useful &amp; practical in small space.</p> <ul style="list-style-type: none"> <li>- Model : SYHV-32</li> <li>- Frequency: 12,000 V.P.M.</li> <li>- Amplitude :1.1mm</li> <li>- Head Dia x L. : 32 X 190mm</li> </ul>

## General CONCRETE VIBRATOR

<b>Product Description *</b>	It is used to lay to strengthen concrete in construction site.
<b>Category *</b>	Construction & Equipments
<b>HS Code (6 digits) *</b>	846799
<b>PID(BK)</b>	
<b>Features *</b>	<p>SYEM series electric vibrator motor gives users a easy solution of power unit.</p> <ul style="list-style-type: none"> <li>- Model : SYEM-1(output 0.75Kw), SYEM-2(1.5Kw), SYEM-3(2.2Kw)</li> <li>- Motor speed(RPM) : 2850(50Hz), 3450(60Hz)</li> <li>- Weight : 14~25kg</li> </ul>

Product Details		FOAM CONCRETE VIBRATOR	
 <p>MODEL : Foam Vibrator SYEV</p>		<b>Product Description*</b>	It is used to lay to strengthen concrete in construction site.
		<b>Category*</b>	Construction & Equipments
		<b>HS Code (6 digits)*</b>	846799
		<b>PID(BK)</b>	
		<b>Features*</b>	SYEV of handy vibrator is more useful & practical in small space.
Product Details		SUBMERSIBLE PUMP	
 <p>SYSP-3M with Drive Unit</p>		<b>Product Description*</b>	It is the pump to drain the water.
		<b>Category*</b>	Construction & Equipments
		<b>HS Code (6 digits)*</b>	846729
		<b>PID(BK)</b>	
		<b>Features*</b>	<p>SYSP submersible pump is suitable for drainage disposal work.</p> <p>Muddy water can also be pumped out easily.</p> <p>Including flexible hose &amp; body.</p> <p>No priming required.</p> <p>Specifications :</p> <ul style="list-style-type: none"> <li>- Model : SYSP-3M,</li> <li>- Discharge Dia. 3 inch.</li> <li>- Max capacity :1,500/mm</li> <li>- Max Length 6m (Standard)</li> <li>- Engine : 3.5 - 6HP /3,600 R.P.M.</li> </ul>
Product Details		PLATE COMPACTOR	
 <p>SYC-120</p> <p>SYC-80</p> <p>SYC-60</p>		<b>Product Description*</b>	<p>Single-direction plate compactor is designed to compact granular soli and crushed aggregate.</p> <p>Allumium puilley &amp; rotor make user</p>
		<b>Category*</b>	Construction & Equipments
		<b>HS Code (6 digits)*</b>	846799
		<b>PID(BK)</b>	
		<b>Features*</b>	<ul style="list-style-type: none"> <li>- Model : SYC-60 SYC-80 SYC-120</li> <li>- Weight : 60Kg, 70Kg, 115Kg</li> <li>- Engine(HP) : 4.5~5.5, 5.5~6.0, 5.5~6.0.</li> <li>- Fuel : Gasoline</li> <li>- VPM : 560,580, 580</li> </ul>

Product Details	HANDY REBAR CUTTER	
	<b>Product Description*</b>	It is cutting machine for rebar.
	<b>Category*</b>	Construction & Equipments
	<b>HS Code (6 digits)*</b>	846729
	<b>PID(BK)</b>	
	<b>Features*</b> Safe and efficient cutting is possible, and it is the best stable performance because of the finest forged body that gives a balanced light effect at home. Specifications: <ul style="list-style-type: none"> <li>- Model : SYC-25</li> <li>- Max cut diameter : 25mm</li> <li>- Cut speed : 3 seconds</li> <li>- Power : 22V, 50/60hz, 1phase.</li> <li>- Total weight : 21 kg.</li> <li>- Dimension : 130 x 250 x 480mm</li> </ul>	

Product Details	PORTABLE REBAR BENDER	
	<b>Product Description*</b>	It is portable bending machine.
	<b>Category*</b>	Construction & Equipments
	<b>HS Code (6 digits)*</b>	846229
	<b>PID(BK)</b>	
	<b>Features*</b> It is designed for portable by two persons and accurate bending consistently. Strong mechanical bender with two preset angle locks helps to save valuable man hours. It is very simple and safe to operate with effective performance. Specifications : <ul style="list-style-type: none"> <li>- Model : SY-25S/SY-35S</li> <li>- Max Bending diameter : 25mm/35 mm</li> <li>- Bending speed : 4 seconds.</li> <li>- Power : 220V, 50/60hz, 1 phase.</li> <li>- Total weight : 92kg/158kg</li> <li>- Dimension : 450 x 410 x 530mm/604 x 510 x 610mm</li> </ul>	

Product Details	MOBILE REBAR CUTTER	
	<b>Product Description*</b>	It is mobile cutting machine for rebar.
	<b>Category*</b>	Construction & Equipments
	<b>HS Code (6 digits)*</b>	846150
	<b>PID(BK)</b>	
	<b>Features*</b> The performance is more stable with compact structure and strong technical force. Durable wheels make it easy to move where it is needed. Easy operation, high efficiency make it more convenient and economical.	

#### Additional Information

<b>Certifications*</b>	CE for the products	
<b>Export Areas</b>	Vietnam, UAE, USA, France, Saudi Arabia, Kuwait, Indonesia, Malaysia etc	
<b>Local/Global Clients*</b>	several clients in Vietnam, Saudi Arabia, Sriranka, UAE
